Billy radcliffe didn't go to town and when he looked up
he was really looking down catching blue in his eyes
that were brown billy radcliffe
Billy radcliffe owned by the state from his first breath
to the cemetery gate he was the first boy born in space
billy radcliffe
Billy radcliffe very first one he really had lived just a
cursed son a split in half man sang the cherubim billy
radcliffe
Billy radcliffe saw what the devil man saw a spot of
blue in the black of the eye of the lord such a cruel love
is the kind that has wrought billy radcliffe
Billy sadly didn't live long he had to stay there because
he wasn't too strong he's stepping out the door blowing
up like a bomb billy radcliffe
Billy radcliffe very first one really a hatched man a light
switch son a split in half man sang the cherubim I bet
you cried when he died now didja, now didja?
Now billy radcliffe saw what the devil man saw a spot
of blue in the black of the eye of the lord now billy
radcliffe saw what the devil had and I feel very bad for
