Mister, you're an actor
Practicin' your lines by yourself
Don't need no benefactor
I just want to be by myself

I'm goin' fightin' in the dance war
I'm goin' fightin' in the dance war
In the dance war

Though I'm goin' nowhere
Slamming in this pit
My brain was gonna melt
Listening to your shit

I'm goin' fightin' in the dance war
I'm goin' fightin' in the dance war
In the dance war

The war will never end
And I don't have a care in my world
See the bodies fly
Take the double dare in my world

I'm goin' fightin' in the dance war
I'm goin' fightin' in the dance war
In the dance war

Fightin' in the dance war
I'm goin' fightin' in the dance war
