I can't find my way  
My vision is, oh, so blurred  
I was wishing for the day  
When I didn't even know one word

I don't want to hurt you  
Not every single time, no  
I just seem to hurt you  
Every single time

I wish you could be what's her name  
And I could be King Kong  
But the chorus was pretty much the same  
Every time I wrote this song

I don't want to hurt you  
Not every single time, no  
I just seem to hurt you  
I just seem to hurt you  
Every single time

I started this lesson in depravity  
Now we're falling apart in this lack of gravity  
And my heart is just a muscle in a cavity  
But it hurts so bad and I'm trying to say  
I'm definitely blind

I don't want to hurt you  
Not every single time, no  
I just seem to hurt you  
Every single time

I started this lesson in depravity  
Now we're falling apart in this lack of gravity  
And my heart is just a muscle in a cavity  
But it hurts so bad and I'm trying to say  
I'm definitely blind

Well, I don't want to hurt you  
Not every single time, no  
I just seem to hurt you  
Every single time

I don't want to hurt you  
Not every single time, no  
I just seem to hurt you  
I just seem to hurt you

I don't want to hurt you, no  
Every single time
