He wants an altered state, inside the mansion walls  
She says she'd rather wait, yeah, for evening to fall  
But still the cap they eat and with a drink they chased  
The ghost that called

They went to celebrate, they went to have a ball  
Everyone gathered at the gates but it wasn't good at all  
The sky was turning gray, they laughed at their mistake  
As their skin began to crawl

Hey, but it's too late for to go back now  
They closed the gates and the scene was set  
Enter into his kingly cave  
Don't worry the leopards won't bite you  
Wipe that big tear away

See they got jumpsuits on the headless cast  
And polished jewels under two inch glass  
And bullet holes in Vernon's room out back  
Don't worry the posse won't shoot you  
No more crying today

He's tripping over graves, as the rain begins to fall  
And finally they escape, when the shuttle bus is called  
The mourners now abate as one begins to say  
I scream, I scream for all

Hey, but it's too late for to go back now  
They closed the gates and the scene was set  
Enter into his kingly cave  
Don't worry the leopards won't bite you  
Wipe that big tear away

See they got jumpsuits on the headless cast  
And polished jewels under two inch glass  
And bullet holes in Vernon's room out back  
Don't worry the posse won't shoot you  
No more crying today

Hey, but it's too late for to go back now  
Too late for to go back now  
Enter into his kingly cave

He wants an altered state, inside the mansion walls  
She says she'd rather wait, yeah, for evening to fall  
But still the cap they eat and with a drink they chased  
The ghost that called
