If you spend all your time in his arms  
It will truly be over now  
So stop your frown  
And I'll say goodbye  
Oh Gloria

If you hold on to what you want to  
Maybe you'll figure out in time  
You're the crime  
And I'll say goodbye  
Oh Gloria

I never told you how

It was that made my life over time rewind  
When you sing  
Nah nah nah nah  
If only you would give me one more day to try  
Oh Gloria

If you ever try to say sorry  
Baby you'll be mistaken of  
Your broken love  
And I'll say goodbye oh Gloria
