Yesterday you didn't know
Where to turn where to go
Yesterday you looked around
Yesterday just to find a way

Face to the wind
Secrets never fade
It is time for changes
Face to the wind
Life's awaiting you
Life is just for living

When the wind in your face
Times got new days
And freedom is nearer now
With the wind in your face
You'll find the power
The power of change

Face to the wind
Secrets never fade
It is time for changes
Face to the wind
Life's awaiting you
Life is just for living

Yesterday you turned a page
In your life
Yesterday, yesterday you realized
Playing safe never can be love

Face to the wind
Secrets never fade
It is time for changes
Face to the wind
Life's awaiting you

Life is just for living

With the wind in your face
Feelings to guide you
And freedom is nearer now
With the wind in your face
You'll find the magic
The magic of change

Face to the wind
Secrets never fade
It is time for changes
Face to the wind
