And you make me sweat right though
I know that all I missed off my Christmas list was you
And you make me think out loud
And I'm holding on my heads just gone to the clouds
So won't you tie me down for good (tie me down for good)
And won't you tie me down for good

'Cos there's know where I would rather be
Than on your sofa watching crap tv
With know one else there 'cos it's just you your and me

And you make this feel like school
Going out for smokes
Playing practical jokes like a love drunk fool
So won't you tie me down for good (tie me down for good)
And won't you tie me down for good

'Cos there's know where I would rather be
Than on your sofa watching crap tv
With know one else there 'cos it's just you your cat and me

If you think it, say it. If you think, say it... etc
Cover it up, cover it up... etc

'Cos there's know where I would rather be
Than on your sofa watching crap tv
With know one else there 'cos it's just you your cat and me

If you think it, say it. If you think, say it... etc
Cover it up, cover it up... etc
