Velvet, I can wish you for the collar of your coat  
And fortune smiling all along your way  
But more I cannot wish you than to wish you find your  
love  
Your own true love this day

Mansions, I can wish you, seven footmen all in red  
And calling cards upon a silver tray  
But more I cannot wish you than to wish you find your  
love  
Your own true love this day

Standing there, gazing at you, full of the bloom of  
youth  
Standing there, gazing at you with the sheep's eye  
And the licorice tooth

Music, I can wish you, merry music while you're young  
And wisdom when your hair has turned to gray  
But more I cannot wish you than to wish you find your  
love  
Your own true love this day

With the sheep's eye and the licorice tooth  
And the strong arms to carry you away
