Angry
Please don't leave me angry cause I was only teasing
you
I wouldn't even let you think of leaving
Don't you know I love you true
Now just because I took a look at somebody else
That's no reason you should throw me up on a shelfe
Oh Angry
Please don't leave me angry cause I was only teasing
you

Angry
Please don't leave me angry cause I was only teasing
you
Somebody's lying if they say I'm trying
To step around with someone new
Don't believe a thing you hear
Just wait till you see
Then you'll find no cause to show you're jealous of me

Angry
Please don't leave me angry cause I was only teasing
Only teasing
Only teasing you
