"Go Fuck Yourself"

I would like to crush your pointed head You fucking
puke I think you wet the
Bed I would like to punch your stupid face Grab you by
your punk rock hair
And bash your brains I've never met someone as dumb
as you You're an ingrate
And an arrogant prick too You jump at every single
chance to display your ig-
Norance You stupid bigmouth Why don't you just go
home and fuck yourself Can't
Take a hint You're a dick A walking, talking piece of shit
You're also a slob
And you've got no class and you need a kick in your fat
ass You fucking moron
Why don't you just go home and fuck yourself
