

Frank Sinatra "A Garden In The Rain"

'twas just a garden in the rain
Close to a little leafy lane
A touch of color 'neath skies of gray

The raindrops kissed the flower beds
The blossoms raised their thirsty heads
A perfumed "Thank you" they seemed to say

Surely here was charm beyond compare - to view
Maybe it was just that I was there - with you

'twas just a garden in the rain
But then the sun came out again
And sent us happily on our way

[instrumental]

'twas just a garden in the rain
But then that sun came out again
And sent us happily on our way
