MC: Yes, here he is, CBS. Take it, Mr. Sinatra.

Frank: Last night Axel and I were discussing what songs we thought you fellows out here at Birmingham Hospital would like to hear. Axel suggested we do a brand new one never before done on the air. Well, you know whatever Axel says is law in the music department. So here is "As Long As There's Music" from the RKO picture, Step Lively.

As long as there's music and words of romance  
The spell of a theme starts you to dream there's always  
a chance  
As long as there's music, whatever the song

As long as there's music for sweethearts to sing  
I'll sing you, my love, melodies of the birds on the wing  
My loneliest days will never seem long  
As long as there's music and you are the song

As long as there's music for sweethearts to sing  
I'll sing you, my love, melodies of the birds on the wing  
My loneliest days will never seem long  
As long as there's music and you are the song
