I get along without you very well  
Of course I do  
Except when soft rain falls and leaves drip  
Then I recall  
The thrill of being sheltered in your arms  
Of course I do  
But I get along without you very well

I've forgotten you just like I should  
Of course I have  
Except when I hear your name  
Or someones laugh that sounds the same  
Yes I've forgotten ou just like I should

What A guy, What A fool am I  
To think my breaking heart could kid the moon  
Whats in store, should I phone once more  
No it's best I stick to my tune

I get along without you very well  
Of course I do, except perhaps in spring  
but I should never think of spring  
For it would surely break my heart, in two
