(Introduction)

When I think of you
I think about the night
When the earth smelled with summer
and the sky was streaked with white
And the soft mist of England
was sleeping on a hill
I remember this
and I always will...

There are new lovers now
on that same silent hill
looking at the same blue sea...

And I know you and I
are a part of them all...
And they're all a part of you...
and me...

(Chorus)

Hello young lovers who ever you are
I hope your troubles are few

All my good wishes go with you tonight
I've been in love like you

Be brave young lovers and follow your star
Be brave and faithful and true
Cling very close to each other tonight
I've been in love like you

I know how it feels to have wings on your heels
And to fly down the street in a trance
You fly down a street on a chance that you'll meet
And you'll meet not really by chance

Don't cry young lovers what ever you do
Don't cry because I'm alone

All of my memories are happy tonight
I've had a love of my own

I've had a love of my own like yours
I've had a love of my own
