Two eyes walking 'round with a baby blue stare, how  
cute can you be?  
Red lips pouting so that a guy's gotta care, how cute  
can you be?  
I've seen lassies, the fine looks and chassis, almost  
every day,  
But I've stopped my looking 'cause I know what's  
cooking, just a glance away.  
Soft hair shining so that the sun blinks his eyes, how  
cute can you be?  
A voice sweet and low, making temperatures rise, how  
cute can you be?  
I'll give up my gallivanting, if you'd consent to be  
The ready little steady on my family tree, how cute can  
you be?  
She's got some soft hair shining, that the sun blinks his  
eyes, hey, how cute can you be?  
A voice sweet and low, making temperatures rise, how  
cute can you be?  
I'll give up my gallivanting, if you'd consent to be  
The ready little steady on my family tree, how cute can  
you be?  
Baby, how cute can you be? Hubba, how cute can you  
be?
