I'm a glum one, it's explainable  
I met someone unattainable  
Life's a bore, the world is my oyster no more

All the papers where I lead the news  
With my capers now will spread the news  
Superman turns out to be flash-in-the-pan

I've flown around the world in a plane  
Designed the latest IBM brain  
But lately I'm so downhearted  
'Cause I can't get started with you

In Cincinatti or in Rangoon  
I simply smile and all the gals swoon  
Their whims I've more than just charted  
But I can't get started with you

Oh tell me why am I no kick to you  
I who'd always stick to you  
Fly through thin and thick to you

Tell me why I'm taboo each time  
I chanced to see Franklin D  
He always said, hi buddy to me  
And with queens I've a la carted  
But I can't get started with you
