There was a moon out in space  
But a cloud drifted over it's face  
You kissed me and went on your way  
The night we called it a day  
I heard the song of the spheres  
Like a minor lament in my ears  
I hadn't the heart left to pray  
The night we called it a day  
Soft through the dark  
The hoot of an owl in the sky  
Sad though his song

No bluer was he than i  
The moon went down stars were gone  
But the sun didn't rise with the dawn  
There wasn't a thing left to say  
The night we called it a day  
There wasn't a thing left to say  
The night we called it a day
