Yum dida dida, I love to play this melody,  
Yum dida dida, the melody you sang to me.  
Here beside my piano, I linger,  
Picking out a memory with just one finger.  
Yum dida dida, the music brings me close to you,  
Maybe if I play it long enough it will come true,  
Now you're far away and I'm alone and so I play  
Yum dida dida, da yum dida dida, all day.

Yum dida dida, the music brings me close to you,  
Maybe if I play it long enough it might come true,  
Now you're far away and I'm alone and so I play  
Yum dida dida, da yum dida dida, all day.  
(Yum dida dida da ooo, yum dida dida da ooo)  
Yum dida dida, da ooo.
