Alone, from night to night, you'll find me  
Too weak to break those chains that bind me  
I need no shackles to remind me  
I'm just a prisoner, don't let me be a prisoner

For one command, I stand and wait now  
From one, who's master of my fate now  
I can't escape for it's too late now  
I'm just a prisoner, don't let me be a prisoner

What's the good of my caring  
If someone is sharing those arms but not with me  
Although she has another  
And I can't have another, for I'm, I'm never free

She's in my dreams, awake or sleeping  
Upon my knees, to her I'm creeping  
My very life, my life is in her keeping  
I'm just a prisoner, don't let me be a prisoner

(Prisoner of love)  
You make me a prisoner  
(Prisoner of love)  
And you make love you  
(Prisoner of love)

Take a shadow with love and go away  
(Prisoner of love)  
'Cause I love you so much now  
(Prisoner of love)  
You, you, you, you make me a prisoner
