There's no guy in France, for in France there's no
romance,
Since Marie has left Patee.
Every ship that sails took the cargo full of mail,
'Cause Marie has left Patee.
No amour, no more like they used to have before,
There's no Marie, she moved to gay Napoli.
Say bon voyage, I got to go,
Where's my corsage? Where's my chapeau?
Bye bye Patee, I'm off to Napoli.

[musical interlude]

There's no Marie, she flew off to Napoli.
Say bon voyage, I got to go
Where's my corsage? Where's my chapeau?
Bye bye, 'cause Marie has left Patee,
Bye bye Patee, I'm jumping off to Napoli.
