Somewhere in the night  
There must be someone for me  
Somewhere in the night  
Who knows, where somewhere may be

Across the way  
Or maybe, way beyond the distant star  
How I wish, I knew  
Just where and who you are

Somewhere in a dream  
I find her here by my side  
Then when I awake  
My dream drifts out with the tide

My lonely heart keeps saying to me  
"No, this doesn't seem right  
There must be someone  
Somewhere in the night"

Somewhere in a dream  
I find her here by my side  
Then when I awake  
My dream drifts out with the tide

My lonely heart keeps saying to me  
"No, this doesn't seem right  
There must be someone  
Somewhere in the night"
