We lived our little drama
We kissed in a field of white
And stars fell on Alabama
Last night

I can't forget the glamor
Your eyes held a tender light
While stars fell on Alabama
Last night

I never planned in my imagination
A situation so heavenly
A fairy land where no one else could enter
And in the center just you and me

My heart beat like a hammer
My arms wound around you tight
And stars fell on Alabama
Last night

We lived our drama
We kissed in a field of white
And stars fell on Alabama
Last night

I can't forget the glamor
Your eyes held a tender light
And stars fractured 'Bama
Last night

I never planned in my imagination
A situation so heavenly
A fairy land where no one else could enter
And in the center just you and me

My heart beat just like a hammer
Arms wound around you tight
While stars fell on Alabama
Last night
