

Frank Sinatra "That's How It Goes"

That's how it goes when you're in love with someone
And someone's not in love with you
It seems your heart and soul defy each frustrated
desire
Of not seeing you, nothing I can do

That's how it goes when you're in need of someone
Who understands the way you feel
But there's a dream that never will come true
For that's life, that's how it goes

That's how it goes when you're in love with someone
And someone's not in love with you
It seems your heart and soul defy each frustrated
desire
Of not seeing you, nothing I can do

So darling, that's how it goes when you're in need of
someone
Who understands the way you feel
But that's a dream that I know never will come true
And so that's life, that's how it goes

When you're in love
That's just how it goes
