The best of everything - that's (that is) what I wish you  
all  
The best of everything - a Rembrandt (hanging) on  
your (the) wall  
A yacht that wins you cups, skateboards with style and  
speed  
Show dogs or loving pups, the pride of the pound or  
the pedigree  
I hope you win that prize - pass that blue ribbon test  
I hope your good keeps getting better - 'til your better's  
best  
With every wine you taste, with every song you sing  
By now you may have guest, I hope you get the best of  
everything
