It's the right kind of love, it's the right kind of night,
you're the right kind of girl
Hey, oh yeah, it's the right kind of love, kind of love
Daydreaming about you baby, and it must be love
Girl you make my heart go crazy, high as the heavens
above
I hope you're thinking about me girl, because all of my
thoughts are with you
My love, there's no reason to doubt me, believe me it's
true
Girl I know I can give you the right kind of love, it's the
right kind of night
You're the right kind of girl, and we're right on time
Oh now baby, you know we can't go wrong
Why you trying to hold back baby, tell me what you feel
If you're having mixed emotions, I'll show you that I'm
for real
What can I do to make you see, there's nobody but you,
And girl, it's not magic or fantasy, it's simple and true
I know I can give you the right kind of love
It's the right kind of night, you're the right kind of girl,
I'm the right kind of guy
It's the right kind of love on the right kind of night
There's the right kind of stars in the right kind of sky
Oh now baby, you know we can't go wrong
Girl- I got a heart that's true, I got the right kind of love
I'm gonna give it to you. and you got me romantic
Can't you see, I'm the right kind of guy for you
And you're the right kind of girl for me, I got a heart
that's true
And a soul that's deep, I'll be the right kind of lover
Baby can't you see I'm gonna treat you the right kind of
way
You know it, so come on girl stay, I got a love
It's the right kind of love, it's the right kind of night
You're the right kind of girl, and we're right on time
It's the right kind of love on the right kind of night
There's the right kind of stars, in the right kind of sky
Oohh baby, I could do with a girl like you, I could do
with a girl like you
I could do with a girl like you.

See what I can do with a girl like you
It's you and me together, it's the right kind of love
