This is the beginning of the end  
I can see it in your eyes, in everything you do  
And you're afraid to tell me that we're through  
But I can tell by looking at you

This is the beginning of the end  
You just give yourself away with everything you say  
And though you never told me we must part  
Still I can read the writing in your heart

Why is it now when I hold your hand  
There is some little something that I miss  
What has become of the warmth in your smile  
And where is that little mischief in your goodnight kiss?

This is the beginning of the end  
I can see the thrill is gone, why let it linger on  
Why lie to me and say it isn't so  
For when I hold you in my arms I know  
That this, this is the beginning of the end
