Old Watertown, nothing much happenin', down on
Main, 'cept a little rain
Old Watertown, everyone knows, the perfect crime,
killin' time
And no one's goin' anywhere, livin's much too easy
there
It can never be a lonely place when there's the shelter
of familiar faces

Who can say it's not that way, Old Watertown, so much
excitement
To be found hangin' round, there's someone standing
in the rain
Waiting for the morning train, it's gonna be a lonely
place
Without the look of familiar faces, but who can say it's
not that way
