We wish you the merriest, the merriest, the merriest,
the merriest to you
We wish you the merriest, the merriest, the merriest,
yes the merriest,
We wish you the merriest, the merriest, the merriest
yule cheer,
We wish you the happiest, the happiest, the happiest,
yes the happiest,
We wish you the happiest, the happiest, the happiest
new year.
May your tree be filled with happiness, happiness and
friendliness for all
May your heart be filled with cheerfulness,
With happiness and cheerfulness and friendliness for
all.

We wish you the happiest, the happiest, the happiest,
yes the happiest,
We wish you the merriest, the merriest, the merriest
yule cheer,
And the happiest new year.
The happiest and the friendliest, and the merriest, the
cheerfullest,
And the happiest new year.
