What makes the sunset?  
What makes the moon rise?  
What makes the tide remember to hide  
And why does it soon rise?

What makes a star fall?  
Where does it fall to?  
Why does its flight make us stop  
In the night and wish as we all do?

And what holds a cloud together?  
And what makes the sky so blue?

What makes the sunset?  
What makes the moon rise?  
Is it my love for you?

And what holds a cloud together?  
And what makes the sky so blue?

What makes the sunset?  
What makes the moon rise?  
Is it my love for you?
