Though I know that we meet every night
And we couldn't have change since the last time
To my joy and delight
It's a new kind of love at first sight

Though it's you and it's I, all the time
Every meeting's a marvelous pastime
You're increasingly sweet
So whenever we happened to meet, I greet you

With a song in my heart
I behold your adorable face
Just a song at the start
But it soon is a hymn to your grace

When the music swells, I'm touching your hand
It tells that you're standing near
And at the sound of your voice
Heaven opens his portals to me

Can I help but rejoice
That a song such as ours came to be?
But I always knew
I would live life through, with a song in my heart for you

Oh, the moon's not a moon for a night
And these stars will not twinkle and fade out
And the words in my ears
Will resound for the rest of my years

In the morning, I find with delight
Not a note of our music is played out
It will be just as sweet
And an air that I'll live to repeat, I greet you

With a song in my heart
I behold your adorable face
Just a song at the start
But it soon is a hymn to your grace

When the music swells, I'm touching your hand
It tells that you're standing near

And at the sound of your voice
Heaven opens his portals to me

Can I help but rejoice
That a song such as ours came to be?
But I always knew
I would live life through, with a song in my heart for you
