You're all that I've looked for
You really fill the bill
I know that I'm hooked on
I wouldn't feel so still

You're high class, you're my class
You're the gal who captivates
Don't be one who hesitates
How my heart accelerates

You're stunning, you're cunning
You got me all aflame
I'll woo ya, pursue ya
I'll make you change your name

The future will suit ya
I know that you'll be satisfied
And I'll be happy to reside with you

You're all that I've looked for
(You really fill the bill)
You really fill the bill
I know that I'm hooked
Oh, I wouldn't act so still
(No, she wouldn't act so still)

(You're high class)
You're my class
(You're the gal who captivates)
Don't be one who hesitates
How my heart accelerates

(You're stunning, you're cunning)
You got me all aflame, I'll woo ya
(Pursue ya)
I'll make you change your name
(The future will suit ya, I know you'll be satisfied)
And I'll be happy to reside with you
To reside with you
