I have got you under my skin
I've got you deep in the heart of me
So deep in my heart you're really a part of me
I've got you under my skin

I have tried so not to give in
I have said to myself this affair, never gonna go so well
But why should I try to resist when baby, I know so well
That I've got you under my skin

I would sacrifice anything come what might
For the sake of holding you near
In spite of a warning voice comes in the night
And repeats, and it shout's in my ear

"Don't you know blue eyes, you never can win
Use your mentality, wake up to reality"
But each time I do just the thought of you
Makes me stop before I begin
Because I've got you under my skin

[Incomprehensible]

I'd sacrifice everything come what might
For the sake of having you near
In spite of a warning voice that comes in the night
And repeats, and it shout's in my ear

"Don't you know you fool, you never can win
Use your mentality, wake up to reality"
But each time that I do just the thought of you
Makes me stop before I begin
'Cause I've got you under my skin
And I love you under my skin
