Dancing in the dark 'til the tune ends  
We're dancing in the dark and it soon ends  
We're waltzing in the wonder of why we're here  
Time hurries by, we're here and then we're gone

Looking for the light of a new love  
To brighten up that night, I have you love  
And we can face the music together

Dancing in the dark

What though love is old? What though song is old?  
To them we belong  
Hear this heart of mine wailin' all the time  
Dear one, tell me that we're one

Looking for the light of a new love  
To brighten up that night, I have you love  
We can face the music together

Dancing in the dark, dancing in the dark  
Dancing in the dark
