I've got you under my skin
I've got you deep in the heart of me
So deep in my heart
That you're really a part of me
I've got you under my skin

I've tried so not to give in
I've said to myself this affair
Never can go so well

But why should I try to resist
When baby I know damn well
That I've got you under my skin

I'd sacrifice anything come what might
For the sake of having you near
In spite of a warning voice that comes in the night
And repeats, repeats in my ear

Don't you know, you fool
You never can win
Use your mentality
Wake up to reality

And each time I do just the thought of you
Makes me stop before I begin
Because I've got you under my skin
Yes, I've got you under my skin

I would sacrifice anything come what might
For the sake of having you near
In spite of a warning voice that comes in the night
And repeats how it yells in my ear

Don't you know, you fool
You can't possible win
Why not use your mentality
Wake up, step up to reality

And each time I do just the thought of you
Makes me stop just before I begin
Because I've got you under my skin

And I like you under my skin
