It was just one of those things
Just one of those crazy flings
One of those bells that now and then rings
It was one of those things

It was just one of those nights
Just one of those fabulous flights
A trip to the moon on gossamer wings
It was one of those things

If we'd thought a bit about the end of it
When we started jumping town
We'd have been aware that our love affair
Was too hot not to cool down

So goodbye, dear, goodbye and amen
Here's hoping we'll meet now and then
It was great fun
But it was just one of those things

It was just, just, just, just
It turned out to be one of those [Incomprehensible]
nights
Just one of those fabulous flights
A trip to the moon on gossamer wings, yeah

Thought a bit about the end of it
When we started to bust up the town
We'd have been aware that this love affair
Was too hot not to cool down

So goodbye, goodbye, goodbye
Ta-ta, so long and you might even add amen
Here's hoping we'll do it again
It was great fun
But it was just one of those things
