Rush Limbaugh's on the air again proving they're all
guilty until proven...
When he hits the captive rush hour they'll be laughing
right along. Aunt &
uncle tune the radio in make my cousins in the car
listen so someday they'll
be able to distinguish white from wrong. As they
scramble, ramble...
Scrambling from the cities too, Newark Detroit L.A. as a
cue to the gun permit

suburbs swelling on the edge of any town. And on the
radio callers have a
catch in their throats, maybe some tiny hint of some
growing alarm as they
scramble, scramble, ramble... House to house drag
brown faces into the shit.
And on the radio white folks call up to joke so fed up
with this liberal
government, set your am dial for white empowerment.
