Love lies limp and restless in a mess on the floor
No one thought to ask what it came here for
Disregard the spent cartridge, killed all sensitivity
Disposable life in one fell swoop, a hundred thousand
possibilities
"Love miracle" it was a shot in the dark
Now my life seems so hit and miss
There's a feather in my cap but only I know the truth
It was a shot in the dark
Shot in the dark
Dogs leave their mark
Shot in the dark
The bite is worse than the bark

No one heard the foghorn, hips that meet in the night
Well I was shooting night for day, i wanted to treat you
right
The wound will surely heal with all probability
Just rolling the dice with one bitter pill, a hundred
thousand
possibilities
"Love miracle" it was a shot in the dark
Now nothing feels so null and void
There's a feather in my cap but only I know the truth
It was a shot in the dark
