Forgive me someone for I have sinned
and I not where I should begin
and some days it feels like you just can't win
no matter what you do or say.

Things didn't kill me but I don't feel stronger.
Life is short but it feels much longer.
When you've lost that fight, yeah you've lost that
hunger,
to pull yourself through the day.

Chorus

But if ever I stray from the path I follow,
take me down to the English channel,
throw me in where the water is shallow
and then drag me on back to shore.

Cos' love is free and life is cheap
and as long as I got me a place to sleep,
some clothes on my back and some food to eat,
then I cant ask for anything more.

So come on everybody sing a 1, 2, 3, 4.

So we all have secrets that we hold inside
Yeah the worst little things that you never confide
and the worst one of all that you just cant hide
is that you're never quite as strong as you sound.

So I'm sorry baby for the times I've hurt you,
Sorry friends for the times I desert you.
Most days it feels like I dont deserve you
and I wonder that you're all still around.

Chorus

So if ever I stray from the path I follow,
take me down to the English channel,
throw me in where the water is shallow
and then drag me on back to shore.

Cos' love is free and life is cheap
and as long as I got me a place to sleep,
some clothes on my back and some food to eat,
then I cant ask for anything more.

So come on everybody sing a 1, 2, 3, 4.

Come on and join me in the water

and we'll swim for home

Sometimes it's hard to remember.

I couldn't do this on my own.

Chorus

So if ever I stray from the path I follow,
take me down to the English channel,
throw me in where the water is shallow
and then drag me on back to shore. (yeah)

Cos' love is free and life is cheap
and as long as I got me a place to sleep,
clothes on my back and some food to eat,
then I cant ask for anything more.
(I won't ask for anything more)

The path I chose isn't straight and narrow,
it wanders around like a drunken fellow
and somedays its hard for me to follow
but if you've got my back I'll go on.

If you've got my back I'll go on.
