I drink cause im thirsty  
I drink cause im dry  
Im not yet quite thirty  
But i feel like im dieing

I drink cause I want to  
Cause I need to  
Cause I dont what else to  
Do with my time  
I wont say it  
You can see it, in my eyes

You drink cause your lonely  
You drink cause your sad  
You always claim every party  
Is the best time you ever had  
You drink cause your scared of life on  
Living off your own company  
You wont say it  
But i can see it in your eyes

All of the things I could become  
A lonely drunkard isnt one  
Which I would've wished  
When I was young  
The drink has drunk my days away  
I tried to live like Hemingway  
But life just doesn't work that way  
The pills don't kill the pain  
They just delay

We drink cause we're scared that  
If we should stop  
The good will go away  
That the bad times will not  
What if its over and we're sober  
And we feel like we're fixing to die  
What now?, don't say it  
cause I can see it in your eye

The next rounds on me  
The next rounds on me

The next rounds on me  
The next rounds on me  
The next rounds on me  
The next rounds on me  
The next rounds on me  
The next rounds on me
