Baby take your teeth out
Try it one time
Baby take your teeth out
Try it one time
Leave 'em on the kitchen table

Baby take your teeth out
It'll be fine
Baby take your teeth out

It'll be fine
There ain't nothin' left to smile about

Baby take your teeth out
You look divine
Baby take your teeth out
You look divine
Go ahead and eat the label

Baby take your teeth out
I will recline
Baby take your teeth out
I will recline
There ain't nothin' left to talk about
