Charlie's enormous mouth, well, it's
Awright
The girl got a very large mouth, but it's
Awright
Her teeth look okay
She must be brushin' 'em quite a bit
'course her mouth is extra large
'n we can only assume as to how
She's been usin' it

Charlie's enormous mouth, well, it's
Awright
The girl got a very large mouth, but it's
Awright
She got lips all around the hole
Where she puts her food in
They call it the mouth
They call it the mouth
They call it the mouth

Which is as good a place as any for
A tongue
To include in, that's why
They call it the mouth
They call it the mouth

They call it the mouth

La la la la la la

La la la la la la

(kinda young

Kinda wow...)

Charlie's enormous nose, well, it's all

White

The girl got a very large nose but it's all

White

It once was okay

But she been blowin' it quite a bit

'course her friends are extra large

'n we can only assume as to how

She's been choosin' it

Charlie's enormous nose, well, it's all

White

The girl got a very large nose, but it's all

White

She got stuff all around the hole

Where she puts her spoon in

They call it the nose

They call it the nose

They call it the nose

And when it finally rots away I guess you'd

Prob'ly drive a truck in...they used to

Call it the nose

They called it the nose

They called it the nose

La la la la la la

La la la la la la

(kinda young

Kinda dead...)

Charlie's disgusting brain, well, it's all

Black

The girl got a very dead brain, it won't

Come back

She used to convey

But then she took an extra hit

'course her friends are extra dumb

'n they were terribly excited while they

Watched her doin' it

Charlie's disgusting brain, well it's all

Black

The girl got a very dead brain, it won't
Come back
She got dirt all around the hole
Where they dumped her box in
They call it the grave
They call it the grave
They call it the grave
Which is as good a place as any for a
Chump to repose in...that's why they
Call it the grave
They call it the grave
They call it the grave...
