Find her finer, sneak up behind her  
Wrapped like a mummy till you finally unwind her  
Find her blinder, see who designed her  
Act like a dummy till you finally grind her

If you should see a girl on the street  
Now maybe you might think she is sweet  
But if you wanna tickle her treat  
Now really, what should you do?  
(Rat-tat-tat-tat ta-da!)

Don't never let her know you are smart  
The universe is no place to start  
You gotta play it straight from the heart  
She gwine renunciate you  
(That's why you gotta . . .)

Find her finer, sneak up behind her  
Wrapped like a mummy till you finally unwind her  
Find her blinder, see who designed her  
Act like a dummy till you finally grind her

Now maybe you might think this is crude  
And maybe you might think I am rude  
And maybe this approach I have spewed  
Is not the one for you  
(Rat-tat-tat-tat ta-da!)

But believe me later on you'll find  
As you impress her with your mind  
That you would just be left behind  
For a wiser fool  
(So you might as well)

Find her finer, sneak up behind her  
Wrapped like a mummy till you finally unwind her  
Find her blinder, see who designed her  
Act like a dummy till you finally grind her

Find her finer, sneak up behind her  
Wrapped like a mummy till you finally unwind her  
Find her blinder, see who designed her

Act like a dummy till you finally grind her

Find her finer, sneak up behind her  
Wrapped like a mummy till you finally unwind her  
Find her blinder, see who designed her  
Act like a dummy till you finally grind her

Find her finer, sneak up behind her  
Wrapped like a mummy till you finally unwind her  
Find her blinder, see who designed her  
Act like a dummy till you finally grind her

Find her finer, sneak up behind her  
Wrapped like a mummy till you finally unwind her  
Find her blinder, see who designed her  
Act like a dummy till you finally grind her
