Ok, now you still want to get your name in the  
magazines  
And he wants 500 dollars a month.

Where does it come from?  
We worked one gig this month.

And thats....so what do we get?  
Two hundred dollars for this gig up here if we're lucky.

If we're lucky, we'll get two hundred.  
And it will be two weeks before we get it.  
Probably.

I mean after all, what is all this shit in the newspaper,  
If we got such a big name, how come....., we're starving  
man!  
This fucking band is starving!  
And we've been starving for three years.

I realize it takes a long time but God damn it!  
Does it take another five, ten years from now.

There's some months when you're not going to work as  
much as other months. there's some months when

you're going to make a lot of money and if you average  
it out, you do make more than two hundred  
dollars a month.

Expenses are sure high to.  
If we'd all been living in California,  
it would have been different.

If we'd all been living in California,  
We wouldn't have worked at all.

Oh, that's true.  
Well, we're not working now anyway.  
We worked one gig this month Frank.  
What's wrong with getting two months in a row of this  
good money?

Or three months in a row.

Then we could afford to take three or four months off  
and everybody can.....  
After the first month I can get just enough ahead  
but if I had two more months man,  
I'll get ahead.  
Because I'm not living very extravagantly, I'll tell you  
for sure.
