Thank you, okay, sit down.
Some more raw unbridled perfurnery for you
And yours during this festive holiday season.

A year ago today was when you went away
But now you come back knocking on my door
And you say you're back to stay, but I say
I don't need you (I don't need you)

I don't want you (I don't want you)

I don't need you (oh you treat me so bad baby)

I don't love you (oh you treat me like a piece of shit)

I don't need you (oh you know that's not it)

I don't want you

I can't use you (gotta get a little rubber girl)

Need a rubber girl (rubber girl)

Send me up a little rubber girl (y'know I can put it in the
back)

I got a rubber girl (got one with a 69 dollar battery
pack)

Here comes my rubber girl (my little rubber girl)

A little rubber girl (she loves to do anything I want)

Little rubber girl (my little rubber girl)

My little rubber girl (I pull the string and she can do anything)

I know she loves me (I can put it in the back)
I know she loves me (I can put it in the front crack)

I know she loves me (I can push her tonsils down her throat)

I know she loves me (and make that bitch scream like a goat)

I never have no trouble with my rubber girl (I like to bend her over and ram it all the way in)

I never have no trouble with my rubber girl (and then go back and do it again)

I never have no trouble with my litle rubber girl (y'know you treated me like shit)

I never have no trouble with my little rubber girl (ahh, that's why I never find me a lady)

I love my little rubber girl (little rubber girl)

I never have no trouble with my little rubber girl (she's a lonely girl)

I never have no trouble with my rubber girl (I just pull the string and she pumps up fast)

And she dances great! (she likes to put it in the back, I gotta girl)

Little rubber girl (you know I fuck you every day)

Run-nnn-nn-nnn (and you treat me like shit)

Run-nnn-nn-nnn (fuck you bitch I'm gonna rape)

Run-nnn-nn-nnn (my little rubber girl)

Run-nnn-nn-nnn (little rubber girl)

Little rubber girl (oh my little rubber girl)

Little rubber girl (oh my little rubber girl)

Little rubber girl (hey my little rubber girl)

(is this the right time to put you in heaven baby)

You know, me and my rubber girl
We get along really swell, we never argue.
Three holes, no waiting
