Fz:

While the well disciplined ian underwood plays
selected fragments from mozarts piano sonata in b-flat
and we make electric noises, some members of our
rocking teen combo will hop around on stage
Grotesque parody of the art of ballet dancing.

Oh you have to carry him. . . .
...you carry him!

Come on, I told everybody
Bok, bok, bickehh!
Bok, bok, bickehh!
Bok, bok, bickehh!
Boy, do I hate chickens!
Bok, bok, bickehh!
Bok, bok, snork, snork, snork

During this part of our extremely zany ballet, don
preston disguised as a mad scientist will convert the
unwilling motorhead sherwood into a walking zombie.

Bok, bok, (heh), bock!

Don, let him get his smock on!
