Sam with the showing scalp flat top,  
Particular about the point it made.  
Why, when I was knee-high to a grasshopper,  
This black juice came out on a hard shelled chin.  
And that called that 'tobacco juice'.  
I used to fiddle with my back feet music for a black  
onyx.  
My entire room absorbed every echo..  
The music was.. thud like. the music was.. thud like.  
I usually played such things as rough-neck and thug.  
Opaque melodies that would bug most people.  
Music from the other side of the fence.  
A black swan figurine lay on all color lily pads.  
On a little conglomeration table of pressed black felt.

With same color shadows, and seamed(? ) knobbed  
knees, and what-nots.  
The long hallway rolled out into oddball odd.  
Beside the fly-pecked black doorway,  
That looked closed on the tar-lattice street.  
Up a wrought iron fire escape.  
Rolled out a tiny wooden platform with  
Dark, hard, dark rubber wheels.  
Roll, skreek! roll, skreek! roll, skreek!  
Sam with the showing scalp flat top,  
Particular about the point it made.

Sam was a basket case!

A hardened dark ivory clip held.. saleable everyday  
pencils.  
I wish I had a pair 'o bongos!  
Bongo fury! bongo fury!

Oowwww! bongo fury!  
(boogie!)  
Bongo fury! bongo fury!
