Mark volman & howard kaylan:  
She painted up her face.  
She sat before the mirror.  
She painted up her face.  
She drew the mirror nearer.

Practisissing, practiss, practising!

The stare  
The stare  
The secret stare she would use  
If a worthy-looking victim should appear.

Practisissing, practiss, practising!  
( ah-hoo-ah-hoo-wah-hoo-wahhhh )  
Practisissing, practiss, practising!
