She's only seventeen  
She's really sort of cute  
She's working in the street  
She's a teen-age prostitute

She ran away from home

Her mom was destitute  
Her daddy doesn't care  
She's a teen-age prostitute

"i have got a pimp  
He treats me like a dog..."  
(all the stuff she's shooting  
Keeps her in a fog)  
"i would really like to try and get away..."  
(but if she gets caught he'll cause her some dismay)

Tiny little pants  
Chain around my boot  
Shakin' in the dark  
I'm a teen-age prostitute
