Title: Wait a minute

Listen to him go!

Wait a minute; we gotta get somethin' real happenin'
here

He's in there spendin' thousands of dollars 'n' shit...

We should make this worthwhile

We should

We should get into something REAL

Ho ho LEATHER!

No, man, he's not interested in Leather... shit

That shit's been fuckin' rubbed in the ground HmMMM

Christ, that's goin' on two tours old now...

We gotta come up with some new shit ...
