[Hermann Kretzschmar voice]

Dear Jim and PFI,  
Enclosed are photos of my cock  
And the wonderful tattoo John [Stackee] in Houston did  
for me.  
We plan to continue the design on my balls the next  
time I'm in Houston.  
I really enjoy PFIQ,  
Someday I hope to visit L.A. and meet you.

Dear PFIQ  
Dear PFIQ friends  
Dear Jim  
Dear Jim and PFI  
I still want it  
I have come to a decision  
For those that believe than . . . that bigger is better  
Marine hardware stores carry a full line  
Of stainless steel rings.  
Enclosed are photos.  
I just wanted to reassure a woman  
Who want nipples pierced  
I, frankly  
Would rather have a fakir  
I will send you a few other pictures as soon as I get  
them

We  
Plan  
To  
Con  
Tin  
Ue  
The  
De-sign on my balls

The next time I'm in Houston  
I really enjoy PFIQ  
Someday I hope to visit L.A.  
And meet you!

The only thing that surprises me  
Is that every year I have the urge to have another hole

Do you think, Jim  
That a gynaecologist  
With the aid of your magazine could do a clit hood  
piercing?

Possibly one day the ultimate experience can be  
realized

I believe we are witnessing the evolution of a new type  
of man,  
The quintessential being, a person who is totally  
modern  
While at the same time primitive in desires and spirit  
I feel this combination is rare in today society.  
This type of person has the desire to get things done  
and it's...  
This attribute will help both sides achieve  
I'm seeking the quintessential man for myself  
Through piercing, tattoos and education.  
Possibly one day the ultimate experience can be  
realized.

My last sexual partner like the jewelry on most  
occasions  
But not all  
And I accidentally left the impaling jewelry out of all  
one night  
And half the next day.

Everything is healing nicely.
